

October 2023

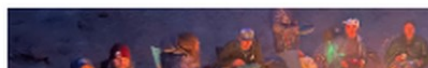

🍁 Fall has arrived to Colorado 🍁

Well, if you haven't noticed, FALL HAS ARRIVED! The fall colors have splashed our recreation areas in Colorado as we transition to winter and get ready for ski season! :) At CMC we're kicking off the season with

three BIG events in early November that we hope everyone registers for!

**JOIN CMC for 2 Great Events just for Leadership at the
AMC:
November 4, 2023**

REGISTER NOW

Register for one of two great events coming up designed for CMC Leadership. We'll have a fantastic afternoon at the CMC Leader Summit before we enjoy a potluck dinner with the Roder Leader fund.

Any leaders attending the Leader Summit can attend the Roder Leader Dinner (\$20 value) but are also encouraged to bring something to contribute to potluck style dinner.

Roder Leader Dinner

Leader Summit

The poster for the Teton Gravity Research Film Festival features two film titles: 'Legend Has It' and 'Flying High Again'. The top half of the poster is blue and white, showing a snowy mountain landscape with a skier. The bottom half is red and white, showing a snowboarder. The text 'TETON GRAVITY RESEARCH' is on the left, and 'FILM FEST' is in large letters in the center. The event dates and location are listed on the left. The Colorado Mountain Club logo is at the bottom left. The film titles are in large, stylized fonts. The bottom of the poster says 'A SNOWBOARD FILM DIRECTED BY MIKE HATCHETT'.

LEGEND HAS IT

FLYING HIGH AGAIN

A SNOWBOARD FILM DIRECTED BY MIKE HATCHETT

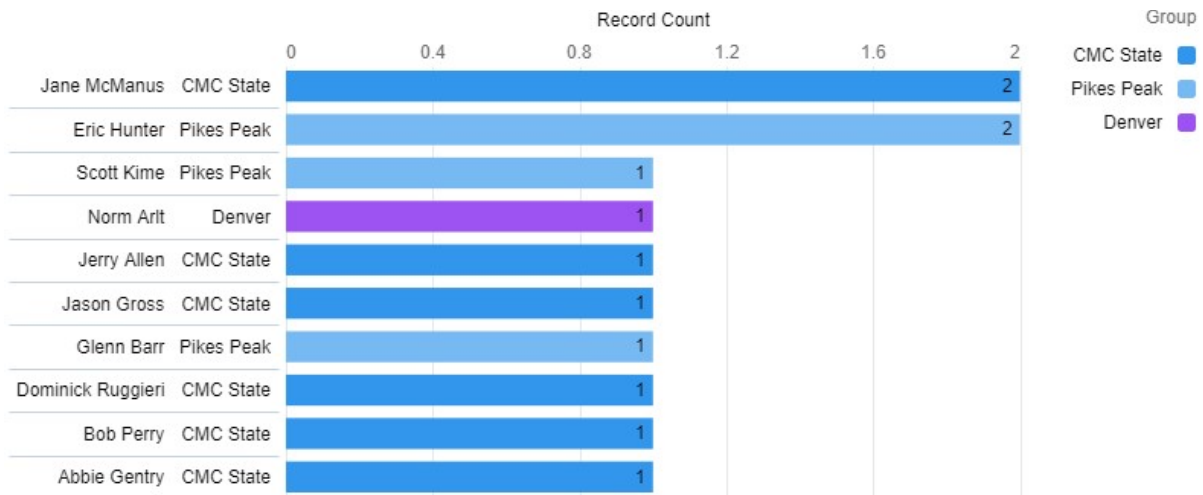

**TETON GRAVITY RESEARCH (DOUBLE HEADER):
*FLYING HIGH AGAIN AND LEGEND HAS IT***

Join us for an unforgettable evening of adventure and inspiration at the CMC X TGR Film Festival, presented in collaboration with Teton Gravity Research. We'll be showcasing two remarkable films, "Legend Has It" and "Flying High Again," both of which promise next level skiing and snowboarding from destinations around the world. Best of all, your participation directly contributes to our Youth and Adult Education programming, ensuring that more people have the opportunity to explore, learn, and connect with the wilderness. Don't miss this chance to experience the magic of the mountains on the big screen while supporting a great cause. See you there!

CMC Volunteer Spotlight: JENN BEALER

What motivates you to volunteer your time with the Club? I really love connecting with people and teaching. Knowing that I can share all my experiences with others and help them grow makes me happy. I also love all the relationships I have made with other instructors and how we all push each other to be better stewards of the outdoors.

Brief bio and accomplishments at the Club:

I became a member in 2018 to take AIARE 1, I then took HAMS in 2020. From there I became a trip leader then a technical trip leader. I started helping with ACS in 2022 and took over the Glacier travel program in 2023. I love how the CMC allows me to lead and teach while i can still learn and grow my own skills, it is a wonderful community.

Nominate a CMC Volunteer for Recognition!

GLACIER TRAVEL SCHOOL

Glacier Travel is for CMC members who are interested in learning and practicing the glacier travel and alpine skills that are needed to safely climb and enjoy glaciated mountains, including Mt. Rainier, Denali, the Andes. Glacier Travel culminates in a grad climb of Mt. Rainier, Mt Baker, Mt Adams or a similar high, glaciated peak.

Application now open!
