🍁 Who's Ready for Fall?! 🍁

CMC's Advanced Alpine Climbing School covers techniques for technical alpine terrain requiring short rope, short pitching and other skills used in alpine environments. This class worked with Smile Mountain Guides and took place in Eldorado Canyon State

Park. In this photo CMC Volunteer and School Director, Nick Quesnel jumps in the driver seat as he leads CMC Volunteer Nate Earl.

BACKCOUNTRY INCIDENT MANAGEMENT SCHOOL

Although rare within the CMC, backcountry incidents when they do happen are stressful, confusing, and the wrong activities can potentially compound to make a bad situation even worse. For those who have always wanted a means to review, practice, and improve the skills needed to successfully manage the initial aspects of an unforeseen incident, the CMC now offers the Backcountry Incident Management School.

Final Class for 2023 is Sept 23rd!
