May 2024

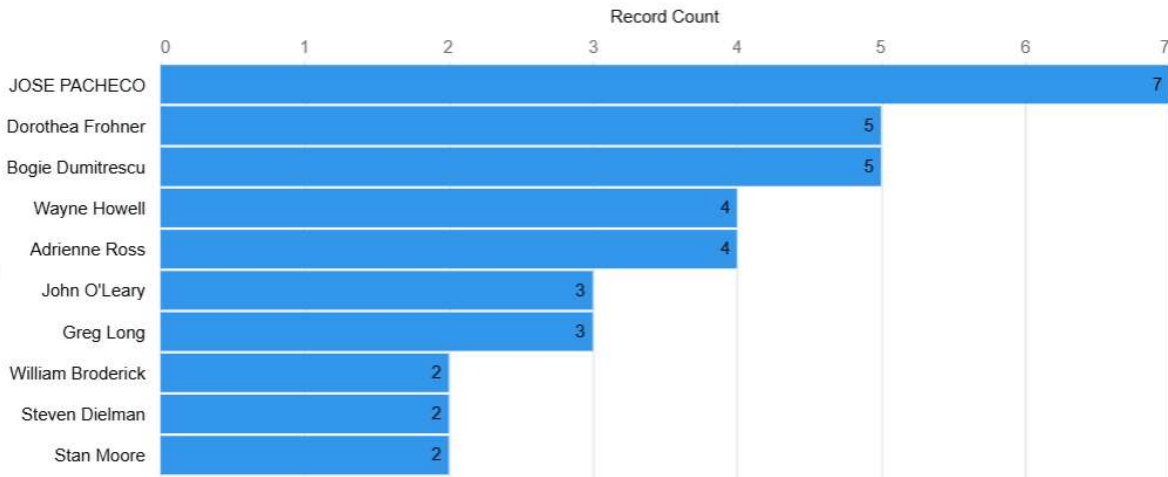

Leadership Summit: May 2024 Recap

Chief Education Officer, Stacey Halvorsen and Education Director, Graham Ottley worked with Mark Yeadon and Glenn Barr to host the May 2024 Leadership Summit in Montrose, Colorado. This was an intentional effort to decentralize this event and increase access for members outside of Denver Metro. 41 members attended with representation from Denver, Pikes Peak and El Pueblo groups. Check out photos from the event [HERE](#). Special shout-out to Peter Hamilton for attending the event in May! Attendees feedback scored an NPS rating of 80! We are in conversation with Northern Colorado about bringing the Summit to them in the fall.

**Trip Leader Requirement Deadline:
 June 30, 2024**

[Roder Scholarship](#)

We are quickly approaching the deadline for the WFA Trip Leader requirement for all Leaders, which is **June 30th 2024**. After this deadline, Trip Leader Status for CMC Leaders who aren't up-to-date will be migrated to an Emeritus status which recognizes their volunteer commitment but removes the ability to add additional trips. We have sent out two reminders and will send one more before the deadline.

We're also coordinating special WFA class offerings with the Western Slope Group this month and in conversation with the Roaring Fork Group about an offering that is accessible for those members. Classes continue in CO Springs and Fort Collins.

CMC's Wilderness Medicine Program is seeking a volunteer program coordinator to assist with administrative tasks in support of the School and Classes. If you are interested, please contact **Graham Ottley** - Education Director, to discuss availability and learn more about the scope of work needed. Thank you!

Permit Update from Mara

As most of us know, USFS permitting can be challenging, especially with the recent changes this past winter. In case you need a recap, CMC was recently told we could only utilize priority permits, which has been challenging for many courses

this winter and will be challenging for future seasons.
